Seasonal Highlights

Keep this Guide with you to get the most out of your trip to Yosemite National Park

Experience Yosemite Safely!

With record snow pack this year, rivers in Yosemite are running very fast and very cold, which pose a potential danger to park visitors. On May 25, 2017, Yosemite National Park Rangers conducted a Swift Water Rescue Training and Water Safety Day on the Merced River in Yosemite Valley. This training was conducted to train park rangers on rescue techniques and to educate the public on potential dangers related to swift and high water conditions. While enjoying Yosemite, please stay a safe distance from rivers during spring runoff, which is expected to last several more weeks.

Adventure Out with the Yosemite Mountaineering School

Yosemite Mountaineering School provides outdoor adventures for people of all experience levels. We are here to help you learn how to enjoy Yosemite safely and responsibly. Give us a call to join one of our group classes or schedule a custom outing designed specifically for your group. We offer professional guides for hiking, backpacking and rock climbing. Reservations required. Call 209/372-8344 or email yms@aramark.com.

Stroll with a Ranger

Learn about the wonders of the park on a ranger-guided stroll. Programs are offered daily throughout the park on a variety of topics including waterfalls, trees, bears, geology, Yosemite Indians and more. (See pages 6, 7, 9, and 11 for details.)

Visit the Yosemite Museum

Learn about Yosemite Indians by exploring a museum collection that includes remarkable woven baskets and traditional dress. Tour the outdoor Indian Village or talk with an Indian cultural demonstrator. The Yosemite Museum is located in Yosemite Village at shuttle stops #5 and #9.

Yosemite Park Rangers conduct a Swift Water Rescue Training during high spring runoff. NPS Photo

Get outside and enjoy your park!

Summer offers spectacular views of waterfalls, great hiking, and other endless opportunities for recreation. Find the adventures that will make lasting Yosemite memories for years to come.

Take a Photography Class

Learn how to best capture the landscape of Yosemite by joining a photography expert from The Ansel Adams Gallery. Several classes are offered each week. Some have fees, some are free. Learn more and sign up at the Ansel Adams Gallery in Yosemite Village. Shuttle stops #5 and #9. (See pages 5 and 6.)

Go to the Theater

After a day of exploring the park, relax and enjoy a show at the Yosemite Theater. This season, you can catch live shows starring Yosemite rangers, get

inspired by a renowned rock-climber, and travel back in time to meet important figures from the park's past. See page 6 for details, or visit yosemiteconservancy.org/yosemite-theater.

Get Creative at the Art Center

Join Yosemite Conservancy at Yosemite Art Center, next to the Village Store, to take a beginner class with a professional artist, browse supplies, see original artwork and more. We offer expert-led art classes for beginners (Monday through Saturday), classes for kids and teens (Monday through Thursday), and Open

Studio crafts for the whole family (daily). The Art Center is open daily from 9am to 4pm, closed for lunch at noon. See page 6 for details, or visit yosemiteconservancy.org/yosemite-art-center.

Adventure with Yosemite Conservancy

Explore the park in a new way with Yosemite Conservancy's naturalist guides! Get an inside look at the park's natural history while backpacking to a beautiful lake, taking in the view from the top of Half Dome, or enjoying a relaxing weekend of birding or fly-fishing. Sign up for a scheduled Outdoor Adventure, or contact us to plan a personalized Custom Adventure. Visit yosemiteconservancy.org/adventures or call 209/379-2317 x10 to get started. See page 6 for details.

Yosemite Conservation Heritage Center

Formerly known as LeConte Memorial Lodge, the Center is open Wednesday through Sunday from 10am to 4pm. Free evening programs occur on Friday and Saturday evenings at 8pm. Seating is available for 50 guests. The Center, located at shuttle stop #12, has a natural history library, a children's corner, and historical exhibits. Call 209/372-4542 for program details.

Volunteer Drop-In Program

Be part of the solution and keep your park beautiful! Join park staff to help protect Yosemite's habitat through ecological restoration and litter cleanup projects. Volunteers of all ages are welcome to work one to three hours. Volunteers must wear long pants and closed-toe shoes. A hat and sun protection are recommended, and we encourage volunteers to bring water and snacks. All tools will be provided. Groups larger than 10 should contact the volunteer program in advance: yose_volunteers@nps.gov or 209/379-1850.

Access for People with Disabilities

Accessible parking, lodging, tours, and activities are available throughout the park.

For a complete list of accessible services, recreational opportunities, and exhibits, pick up an updated Yosemite Accessibility Guide which is available at park entrance stations, visitor centers, and online at www.nps.gov/yose/planyourvisit/accessibility.htm, or call a park Accessibility Coordinator at 209/379-1035 for more information.

Sign Language interpreting is available upon request. Contact Deaf Services at 209/379-5250 (v/txt). Two weeks advance notice is requested.

Assistive Listening Devices are available upon advance request, inquire at a visitor center.

Audio tours are available for the Yosemite Valley Visitor Center. Refer to the Accessibility Guide, or contact an Accessibility Coordinator for more information.

Accessible parking spaces are available just west of the Yosemite Valley Visitor Center. To reach these, enter the Valley on Southside Drive. Turn left on Sentinel Drive. Turn left on Northside Drive, and follow the blue and white signs.

Emergency Information Emergency Dial 911

Yosemite Village Garage offers 24-hour emergency roadside assistance

For up-to-date road, weather, and park information:
209/372-0200

Medical Clinic (in Yosemite Valley) Open 7 days per week from 9am to 7pm for primary and urgent care needs. Ambulance available 24 hours by calling 9-1-1. Medical Clinic Phone: 209/372-4637.

Lost and Found

To inquire about items lost or found at one of Yosemite's restaurants, hotels, lounges, shuttle buses or tour services, call 209/372-4357. For items lost or found in other areas of the park, email yose_lostandfound@nps.gov

Yosemite Valley

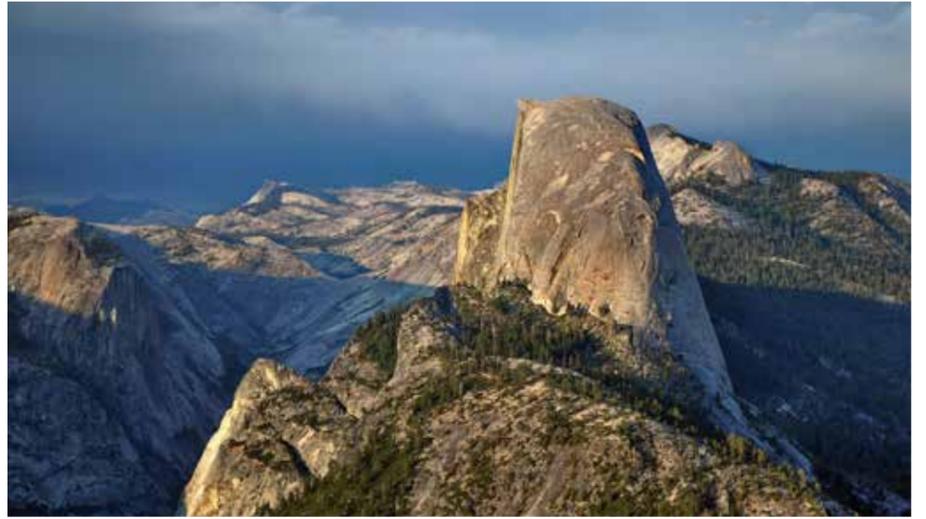

1 Yosemite Valley, open all year, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. You can get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Big Oak Flat Road from Manteca, and (during summer) via the Tioga Road/Highway 120 east from Lee Vining. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, plunging waterfalls including the tallest in North America, and attractive meadows. While Yosemite Falls slows to a trickle by August, a moderate hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, on horseback, raft, or tour, you will behold scenery that will leave you breathless and eager to see what's around the next corner.

Pohono Bridge during spring high water. Photo by Sheree Peshlakai

Glacier Point

2 Glacier Point, an overlook with a commanding view of Yosemite Valley, Half Dome, and Yosemite's high country, is located 30 miles (a one-hour drive) from Yosemite Valley or Wawona. To get there from either of these places, take the Wawona Road (Highway 41), to Chinquapin, then turn onto Glacier Point Road. At Glacier Point, a short, paved, and wheelchair-accessible trail takes you to an exhilarating view, looking 3,214 feet down to Yosemite Valley below. **There is a free shuttle service that runs from Yosemite Ski and Snowboard Area (YSSA) to Glacier Point. The shuttle will be required when the Glacier Point parking lot is full; however, visitors with accessibility placards, valid wilderness permits for trailheads along Glacier Point Road, or camping at Bridalveil Creek Campground will be allowed to continue. The Glacier Point shuttle will begin running at 10am. The last shuttle from Glacier Point leaves at 5:30pm, and from YSSA at 4:30pm. **There is no free shuttle available for hikers from Glacier Point or YSSA to Yosemite Valley.***

Half Dome view from Glacier Point. Photo by Armand Williams

Wawona and Mariposa Grove

3 The Mariposa Grove of Giant Sequoias is located 36 miles (1 ¼ hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park's South Entrance. *As of July 6, 2015, the Mariposa Grove of Giant Sequoias is closed for restoration, see page 8 for details.* The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill's Studio, adjacent to the Big Trees Lodge. This was once a painting studio for the 19th-century artist Thomas Hill.

Giant Sequoias. Photo by Christine Loberg

Tioga Road and Tuolumne Grove

4 Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road's elevation ranges from 6,200 feet to nearly 10,000 feet. The White Wolf area, midway across the park, is the starting point for day hikes to Lukens Lake and Harden Lake. To see giant sequoias, park at the Tuolumne Grove parking area on the Tioga Road, and walk one steep mile down to the grove. Or park at Merced Grove trailhead on Big Oak Flat Road and walk 1.5 steep miles down to the grove. These groves are smaller than the more-famous Mariposa Grove, but are quieter and off-limits to vehicles. Remember, walking down is easier than walking back up. *Portions of Tioga Road may not be open in June due to snow and ice.*

Tenaya Lake along Tioga Road. NPS Photo

Tuolumne Meadows

5 Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the Tuolumne Meadows Hikers' Bus from Yosemite Valley. *Tuolumne Meadows may not be open in June due to snow and ice.*

Tuolumne River at Tuolumne Meadows. Photo by Ryan Alonzo

Hetch Hetchy

6 Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the City of San Francisco, is also home to spectacular scenery and the starting point for many wilderness trails. Due to its importance as a municipal water supply, no swimming is permitted. Hetch Hetchy Reservoir is located 40 miles from Yosemite Valley. The Hetch Hetchy Road is open 7am to 9pm, May 1 through Labor Day. Wilderness permits and bear canisters are available while the road is open. Hetch Hetchy Road is accessible via the Big Oak Flat Road and Evergreen Road and is approximately a 1¼-hour drive from Yosemite Valley. Trailers, vehicles over 25 feet long, RVs and other vehicles over 8 ft. wide are not allowed on the narrow, winding Hetch Hetchy Road.

Hetch Hetchy. Photo by Sheree Peshlakai

DID YOU KNOW

- Bat species comprise ¼ of all mammal species on the planet!
- Our largest bat in Yosemite is the Western Mastiff (*Eumops perotis*) – with a wingspan of almost 2 feet!
- A Big Brown Bat (*Eptesicus fuscus*) can eat its body weight of insects per night!
- The oldest Little Brown Bat (*Myotis lucifugus*) we know of lived to be 31 years old!
- Bats are major consumers of the night flying insects – like mosquitoes and many agricultural pests.

Yosemite Valley

Spectacular vistas and the heart of the park

Yosemite Valley

An unlimited array of possibilities await you in Yosemite Valley. Most involve sightseeing and learning about the scenery. See pages 5, 6, and 7 for more information on program topics and visitor services available.

NATURALIST PROGRAMS

Naturalists give walks and talks every day about Yosemite's natural and cultural history. See pages 6 and 7 for scheduled walks, talks, and evening programs.

WALKING AND HIKING

From easy walks to Lower Yosemite Fall, Cook's Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

TOURS

Tours listed below depart from Yosemite Valley Lodge and are weather dependent.

The **Valley Floor Tour** is a 26-mile, two-hour open-air tram tour narrated by a park ranger, weather permitting. The tour departs Yosemite Valley Lodge several times daily. Check any Tour and Activity Desk for times. Be sure to ask about Moonlight Tours, Starry Skies Tours, and the Tuolumne Meadows Hiker's Bus, *weather and road conditions permitting!*

The **Glacier Point Tour** leaves Yosemite Valley Lodge at 8:30am, 10am, and 1:30pm daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point.

Call 209/372-1240 to make reservations or inquire at the tour desks at Yosemite Valley Lodge, Yosemite Village, and Half Dome Village.

RAFTING

Rafting is a great way to see Yosemite Valley. Rafts can be rented at Half Dome Village from 10am to 4pm, seasonal conditions permitting. If you plan to bring your own raft, please see page 15 for safety and regulatory information.

Illustration by Binta Wold

The Incomparable Yosemite Valley

Yosemite Valley embraces one of the world's most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement.

BICYCLING

Several miles of bicycle paths wind through Yosemite Valley. You can use your own bicycle or rent one from Yosemite Valley Lodge or Half Dome Village, open 8am to 7pm, weather permitting. Bikes are only allowed on paved bicycle paths, not on any dirt trails.

SIGHTSEEING

Some famous landmarks in Yosemite Valley include:

- **Yosemite Falls** gives the Valley an extra touch of life when it's flowing with spring runoff. You can walk to its base or take the strenuous trail to its top (see page 17).

Half Dome, Yosemite's most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see

today. Cook's Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations with stunning views of Half Dome.

- **El Capitan**, a massive granite monolith, stands 3,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.
- **Happy Isles** is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16. Cross the footbridges onto the isles or wander through indoor and outdoor exhibits detailing Yosemite's geologic story.
- **Tunnel View**, along Wawona Road (Hwy 41) provides a classic view of Yosemite Valley, El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm.

Hours listed are core hours for facilities and may be extended during periods of peak visitation. Check local postings for changes to hours of operation.

Yosemite Valley

Where to go and what to do

Valley Visitor Center and Bookstore

The Yosemite Valley Visitor Center and Bookstore are open from 9am to 5pm. The visitor center is west of the main post office (shuttle stops #5 and #9). The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite's landscape formed and how people interact with it.

YOSEMITE FILMS

Two films are shown daily, every half hour beginning at 9:30am, except on Sundays, when the first showing is at noon. The last film is at 4:30pm. Ken Burns' *Yosemite: A Gathering of Spirit* plays on the hour and *The Spirit of Yosemite* plays on the half-hour, in the Theater behind the Valley Visitor Center Theater.

Yosemite Museum

Located in Yosemite Village next to the Valley Visitor Center. The museum is open daily from 9am to 5pm, *may close for lunch*.

INDIAN CULTURAL EXHIBIT

Open daily from 9am to 5pm, *may close for lunch*. Interprets the cultural history of Yosemite's Miwok and Paiute people from 1850 to the present.

YOSEMITE MUSEUM STORE

Open daily from 9am to 5pm, *may close for lunch*. The store offers books and traditional American Indian arts, crafts, jewelry, and books.

Wilderness Center

Open 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and

maps, and rent bear canisters. The Valley Wilderness Center is located in Yosemite Village in between the post office and the Ansel Adams Gallery.

NATURE CENTER AT HAPPY ISLES

Open 9:30am to 5pm. Designed for nature-exploring children and their families, the nature center offers natural-history exhibits and a bookstore. Located a short walk from shuttle stop #16.

YOSEMITE CONSERVATION HERITAGE CENTER

Open Wednesday through Sunday from 10am to 4pm, with free evening programs Friday and Saturday at 8pm. The center has a library, a children's corner, and a new climate change exhibit. The center is located at shuttle stop #12.

The Ansel Adams Gallery

In Yosemite Village next to the Valley Visitor Center, the gallery is open daily from 9am to 6pm. The gallery offers the works of Ansel Adams, contemporary photographers, and other artists. See page 6 for photo walk times. For more information, call 209/372-4413, or visit www.anseladams.com.

EXHIBIT:

Chasing Rainbows - Keith Walklet
May 28, 2017 - July 8, 2017

Keith S. Walklet is recognized as one of the most prolific photographers to have ever entered Yosemite National Park, and throughout his career, *Double Rainbow*, *Tunnel View* (See Cover Photo) has become his most successful, collected fine print, as well as finding its way

into books and multiple presentations about the rewards and challenges of photographing an aesthetic icon like Yosemite Valley.

To celebrate that image and the many memorable moments that he was fortunate to witness during those years, The Ansel Adams Gallery will feature a collection of Keith's most popular images in the exhibit *Chasing Rainbows - A Thirty-Year Arc*. True to the exhibit's name, there will be rainbows, such as *El Capitan*, *Rainbow*, recorded in the midst of the wild thunderstorm that punctuated a historic ascent of Half Dome by Mike Corbett and Mark Wellman in September of 1991, and another bow echoing the dramatic gesture of the iconic Jeffrey Pine on the summit of Sentinel Dome. Other favorites will be featured, such as *Frosty Pines*, *Yellowstone*, taken just weeks before Keith and his sweetheart Annette Bottaro-Walklet left Yosemite to live in their new home of Boise, Idaho in 1998. Keith has written: "As I photographed that rainbow thirty years ago, I was wondering how I could consider going anywhere else. I'm fortunate that I get to come back so often to teach for the Gallery and continue to share the park's beauty. It's transformative."

NEW EXHIBIT:

A Retrospective - William Neill
July 9, 2017 - August 19, 2017

It is a common story amongst the Yosemite denizenship to hear them tell about how the park sang them a Siren's song upon their initial arrival in the Sierra. In the early twentieth century, even Harry Best and Ansel Adams both capitulated to this muse, returning year

in and year out in a search for a greater comprehension of place, pursuit, nature and life. And this cycle continues today with every new artist that is lured to explore the park. In 1977, William Neill found his own life's path redirected when he came to photograph Yosemite for the first time. Not long after, he began working at The Ansel Adams Gallery as a staff photographer, teaching visitors all he could about the art form and the place that he loved. While other itinerant interests would take him on journeys far and wide, from the American Southwest to Antarctica, he would make Yosemite his permanent home. Forty years later, to commemorate his commitment to photography and great body of work, The Ansel Adams Gallery will be hosting the exhibit, *William Neill - A Retrospective*, from July 9 to August 19, 2017. Work on display will concentrate on imagery from Yosemite National Park, but will feature additional photographs made throughout this esteemed career. An opening reception for the artist will be held at the gallery on July 15 from 3pm to 5pm, we hope to see you there.

SCHEDULED EVENTS IN YOSEMITE VALLEY

June 21, 2017 - July 25, 2017

Yosemite Conservancy Outdoor Adventures (YC)

Yosemite Conservancy's year-round, naturalist-led Outdoor Adventures offer something for every park explorer. Upcoming outings include:

June 22 - 25 *Backpack to Half Dome: Two-Night Summit Challenge*
July 14 - 16 *Casual Backpacking: Ostrander Lake*

To learn more and register, visit yosemiteconservancy.org/outdoor-adventures or call 209/379-3217 x10. Park entry and camping are included with your registration; other lodging options are available. Custom Adventures can be arranged for individuals and groups. Proceeds from Yosemite Conservancy's programs help preserve and protect the park.

Yosemite Theater (YC)

Yosemite Conservancy's theater program offers entertainment and inspiration through live performances, educational presentations and beautiful films. All shows start at 7pm at the Yosemite Theater, located behind the Valley Visitor Center, shuttle bus stops #5 & #9. Get your tickets (\$10 per person, free tickets for children under age 12) at the Yosemite Valley Visitor Center Bookstore or at the theater before show time.

Return to Balance: A Climber's Journey (Mondays) Join rock-climber Ron Kauk for a film and presentation celebrating Yosemite's year-round beauty, the vertical wilderness, and living in balance with nature.

Yosemite Search and Rescue (Tuesdays). Yosemite Search and Rescue Ranger John Dill offers useful safety advice for visitors, and shares stories about emergency response missions.

John Muir Series: Conversation with a Tramp (Wednesdays). Sit with John Muir in the early 1900s as he receives news on the fate of his beloved Hetch Hetchy Valley. Live performance by Lee Stetson.

John Muir Series: Stickeen and Other Fellow Mortals (Thursdays) Enjoy Muir's tales about adventures with animals in the wild, including the brave little dog Stickeen. Live performance by Lee Stetson.

Stephen Mather's Best Ideas: Yosemite and the Creation of the National Park Service (Saturdays, starts July 15) Travel back to 1928 to join the first NPS Director as he tours the park. Live performance by Steve Hale.

Yosemite Through the Eyes of a Buffalo Soldier (Sundays) Ranger Shelton Johnson portrays the life of a Buffalo Soldier in Yosemite through live performances, movie-based shows, and audience Q&A.

Yosemite Art Center (YC)

Enjoy a hands-on creative experience at the Art Center in Yosemite Village! Join one of our upcoming beginner-level classes led by expert artists (Monday-Saturday, 10am-2pm):

June 19 - June 24 *Yosemite on Silk, with Tina Gleave*
June 26 - July 1 *Watercolor in Harmony with Nature, with Don Fay*
July 3 - July 8 *Sketch Yosemite's Landscape, with Katy Bernheim*
July 10 - July 15 *Fun with Watercolor, with David Deyell*
July 17 - July 22 *Block Printing Yosemite Cards, with Nicole Barr*
July 24 - July 29 *Ease of Pastel for Landscape, with Tsungwei Moo*

Classes are typically held outside, weather and media permitting. Registration is \$15 per person, per day; some classes have an additional materials fee. Recommended for ages 12 and up.

This summer we're also offering special art classes just for kids and teens: Monday-Thursday, 10:30am-11am (ages 3-5), 11am -12pm (ages 6-9) or 2:30pm-3:30pm (ages 10+). Registration is \$10 per person, per day.

You can sign up for any of our classes online (yosemiteconservancy.org/yosemite-art-center), by phone (209-372-4207), by email (artcenter@yosemiteconservancy.org), or in person at the Art Center. Drop-ins are welcome if space is available. Art supplies are available for rent or purchase.

Looking for an art activity for the whole family? Stop by during Open Studio hours (10am-3pm daily, closed at 12pm for lunch) to create a Yosemite-themed craft. Suggested donation: \$10 per family.

Programs printed in **ALL CAPS AND COLOR** are especially for children and their families.

Wawona and Mariposa Grove

Spectacular vistas and the heart of the park

Explore History, Discover Giant Trees, and Find Amazing Vistas

These park areas offer endless opportunities for amazing experiences.

Wawona

COFFEE WITH A RANGER

Grab your mug and join a ranger in the Wawona Campground Amphitheater for coffee, tea, and cocoa. Use this time to plan your day or to get other questions answered. See page 9 for schedule.

OLD-FASHIONED FOURTH OF JULY!

You are cordially invited to join the staff of the Pioneer Yosemite History Center for an old fashioned 4th of July celebration! Activities will include a parade, speeches and games, such as gunny sack races, three-legged races, an egg toss and tug-of-war. A fun time will be enjoyed by people of all ages. This celebration takes place at the Pioneer Yosemite History Center on July 4, between 2pm and 4pm.

EVENING PROGRAMS

Join pianist/singer Tom Bopp in the Big Trees Lodge lobby from 5:30pm to 9:30pm, Tuesday through Saturday, as he performs songs and stories from Yosemite's past. Once or twice a week, he will present an hour-long interpretive program on the vintage songs of Yosemite or the history of Wawona with slide or music accompaniment. Check with Tom at the piano for dates and times.

Illustration by Binta Wold

WAWONA VISITOR CENTER AT HILL'S STUDIO

Open from 8:30am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. Located on the grounds of the Big Trees Lodge, Hill's Studio was the gallery and art studio of famous 19th-century landscape painter, Thomas Hill. Walk from the lodge or park at the store parking area and follow path up the hill.

Pioneer Yosemite History Center

Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite's history and explains how Yosemite was the inspiration for national parks across America and around the world. The center is always open, and interpretive signs and brochures are available.

EXPERIENCE HORSE-DRAWN TRAVEL

Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. See page 9 for dates, times, and locations. Five dollars for adults and \$4 for children ages 3 to 12-years-old.

BLACKSMITH SHOP

Smell the burning coal, hear the ring of the hammer on the anvil, and watch a demonstration of the ancient art of blacksmithing. See page 9 for dates, times, and locations.

Mariposa Grove

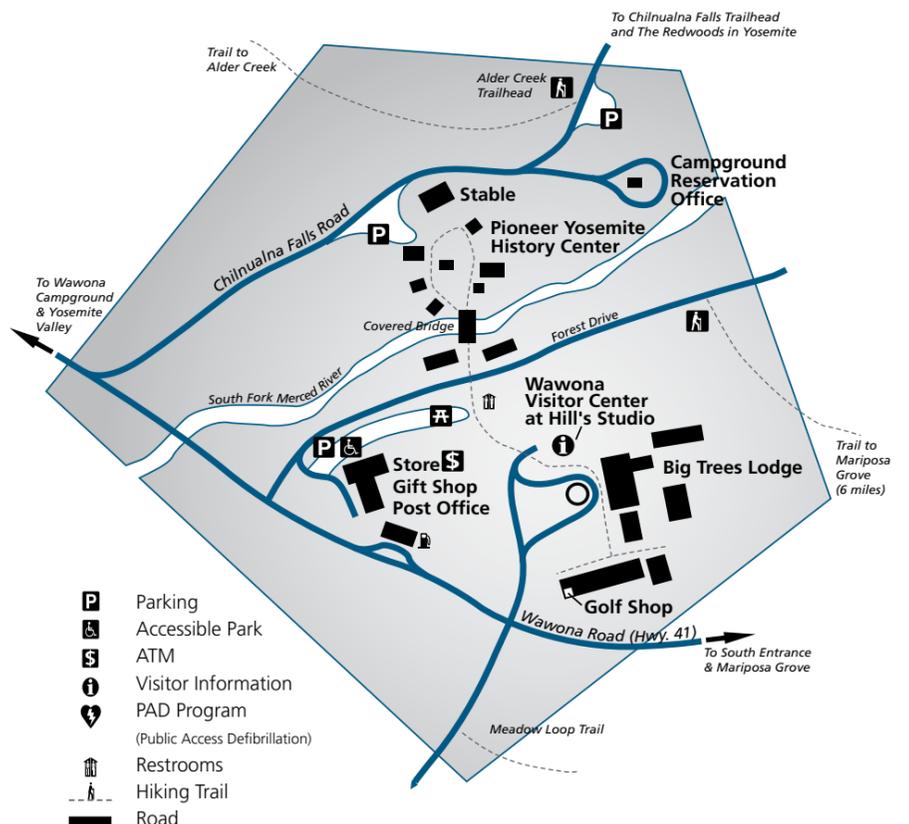

Located near Yosemite's South Entrance, the Mariposa Grove is the park's largest stand of giant sequoias, with about 500 trees in the grove.

GREAT THINGS ARE HAPPENING IN THE MARIPOSA GROVE!

The Restoration of the Mariposa Grove of Giant Sequoias Project is now underway! On July 6, 2015, a temporary closure of the grove began with hopes to re-open in late 2017. The restoration project will improve

the habitat and restore the hydrology of the Mariposa Grove and improve visitors' experience and enjoyment of the grove. Trails will be improved providing universal access along with improved restrooms.

The Mariposa Grove Road is closed to all public access, including bicycle and pedestrian traffic. Hiking trails within the grove are also closed.

Geology Hut. Photo courtesy Yosemite Research Library

Glacier Point

EVENING PROGRAMS

Meet a ranger to enjoy the lengthening shadows in Yosemite Valley and the alpenglow (or moonrise) on the Sierra high country. Stargazing programs, ranger walks, and sunset talks are all offered for your enjoyment at this stunning location. See next page for times and for more information.

Hours listed are core hours for facilities and may be extended during periods of peak visitation. Check local postings for changes to hours of operation.

FOOD & BEVERAGE

Wawona

Big Trees Lodge Dining Room

Breakfast: 7am to 10am

Lunch: 11am to 3pm

Dinner: 5pm to 9pm

Reservations taken for 6 or more.

Lounge Service: 5pm to 9:30pm

Programs printed in **ALL CAPS AND COLOR** are especially for children and their families.

Tuolumne Meadows, White Wolf, and Crane Flat

Tioga Lake. Photo by Christine Loberg

When the Tioga Road is open, the drive through Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week.

Tuolumne Meadows

- Please walk on official trails to protect fragile meadow ecosystems.
- Dogs, bicycles, and strollers are only allowed on roads open to vehicles.
- Day-hikers and backpackers must go to the bathroom at least 100 feet away from water, trail, and camp areas; bury human waste six inches deep; pack out toilet paper and all other trash.

**Due to snow and ice, it is very likely that Tuolumne Meadows programs, services, and trailheads may not be available before July 1. Check local postings for programs and service hours.*

Tuolumne Meadows Visitor Center
Once open for the season, hours will be 9am to 5pm. The visitor center is a resourceful place for park orientation, trail information, books, maps, and displays.

Parsons Memorial Lodge, McCauley Cabin, and Soda Springs

Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Parsons Memorial Lodge will be open from 10am to 4pm beginning soon after the Tioga Road opens. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially at sunrise and sunset.

Ranger Programs and Walks

Explore new areas with a park ranger and learn about geology, birds, flowers, history, the Tuolumne River, and more. Check local postings for ranger walks, talks and programs including activities just for kids. These will begin soon after the road opens and will be posted at the Wilderness Center.

Wilderness Center

The center is scheduled to open soon after the Tioga Road opens. Please check the

website for hours of operation. Wilderness permits, bear canisters, information, books, and maps are available.

Big Oak Flat

Big Oak Flat Information Station

Open 8am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. The center is located just inside the park entrance on Highway 120W.

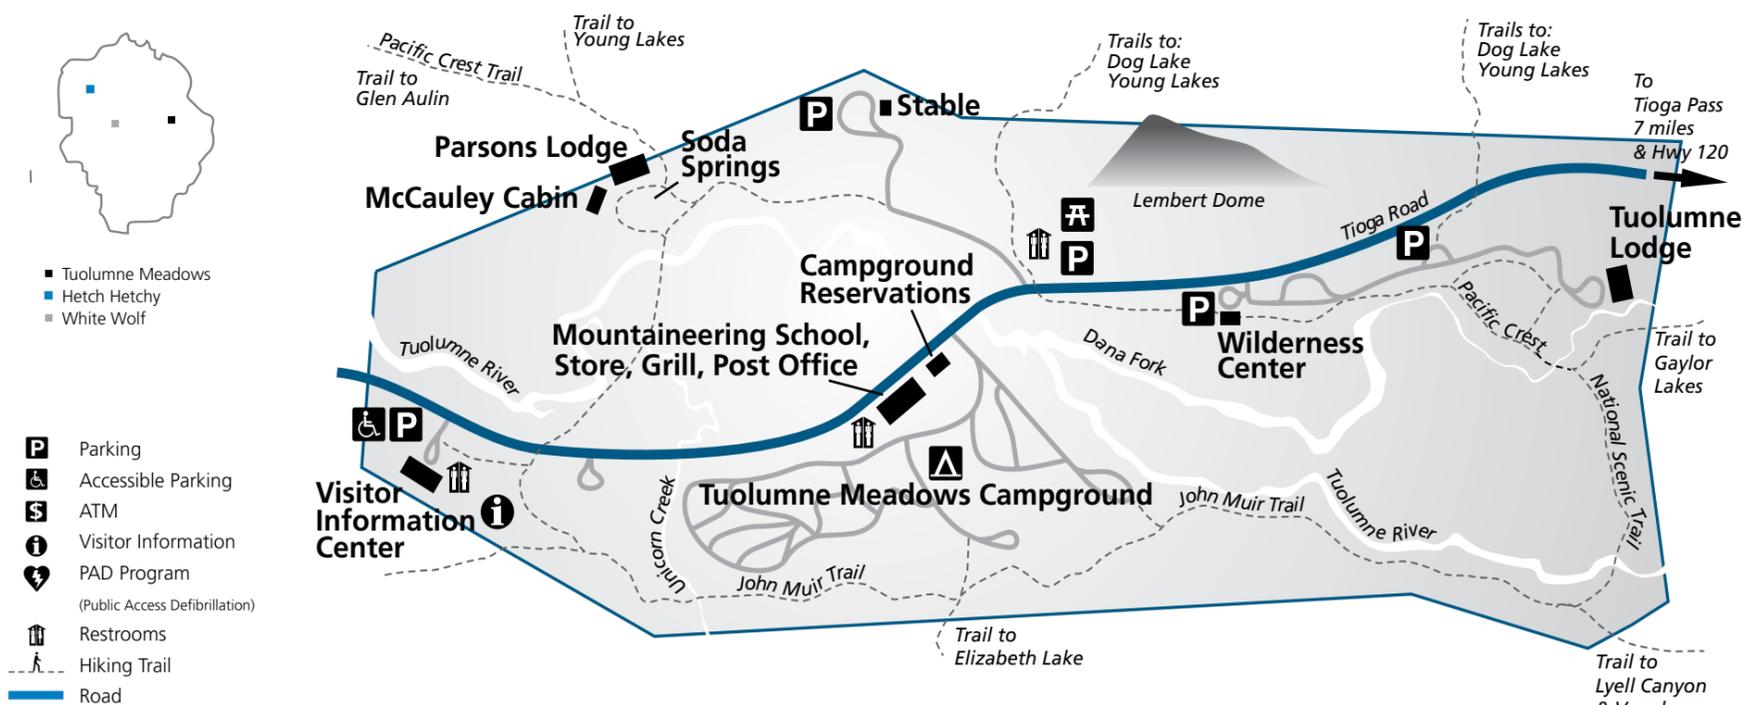

Tuolumne Grove

The trailhead for the Tuolumne Grove, which consists of approximately 25 sequoias, is near the intersection of the Big Oak Flat and Tioga roads at Crane Flat. The former route of the Big Oak Flat Road leads downhill from the parking area into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return.

The trip is moderately strenuous on the uphill portion. Within the Tuolumne Grove there is an easy, half-mile nature trail. There is no potable water available. Be sure to bring drinking water with you.

Merced Grove

Yosemite's quietest stand of sequoias is the Merced Grove, a group of approximately 20 big trees accessible only on foot. It's a three-mile round-trip hike (about three hours) into the grove. The trail drops down 1.5 miles making this a moderately strenuous hike on the uphill portion. There is no potable water at the parking area or down in the grove. Be sure to bring drinking water with you. The grove is located 3.5 miles north of Crane Flat and 4.5 miles south of the Big Oak Flat Entrance along the Big Oak Flat Road (Highway 120 West). The trail is marked by a sign and a post labeled B-10. Tuolumne Grove.

**It is very likely that portions of the Tioga Road, and programs and services in Tuolumne Meadows, may NOT be available before July 1. Check local listings for programs and service hours.*

GROCERIES

Crane Flat Store
8am to 7pm, (conditions permitting)

GAS STATIONS

Crane Flat
8am to 7pm, conditions permitting
Diesel & propane available.
Pay at the pump 24 hours with credit or debit card.

High Country Hiking!

Yosemite received over twice as much snow as usual this past winter, making for winter-like conditions in areas around Tuolumne Meadows—even now. Here is a glimpse at the winter stats as of April 26, 2017:

Season Totals: Nov 1, 2016 - April 26, 2017
Total Snowfall: 493 inches
Total Water: 51.13 inches*
*Most recorded in Tuolumne Meadows

If you plan to hike or backpack above 8,000 feet this summer, anticipate high water crossings, snow bridges, hard snow on mountain passes, and other hazards. Go to a visitor center or wilderness center to check current conditions, and please, come prepared, make good decisions and do not put others at risk when visiting the wilderness this summer.

Tenaya Lake and the Cathedral Range, April 23, 2017.

HETCH HETCHY, HODGDON MEADOW, CRANE FLAT, AND WHITE WOLF

See local postings for additional naturalist walks and programs in Tuolumne Meadows.

Sunday	9:00am	JUNIOR RANGER PROGRAM* 1 hr. All ages welcome. Exploration of the Crane Flat Campground area, games, stories, etc. Meet at the Crane Flat Campground amphitheater (across from the 200 loop). Wear sturdy footwear and be prepared to walk. (NPS)
	1:00pm	Giant Sequoia Walk 45 mins. Join a ranger-naturalist for a walk through the Tuolumne Grove of Giant Sequoias to learn about these fascinating trees. Meet at the picnic tables at the lower end of the Tuolumne Grove, a mile walk downhill from the parking area. Wear sturdy footwear and bring water. (NPS)
	2:00pm	Giant Sequoia Walk 45 mins. Join a ranger-naturalist for a walk through the Tuolumne Grove of Giant Sequoias to learn about these fascinating trees. Meet at the picnic tables at the lower end of the Tuolumne Grove, a mile walk downhill from the parking area. Wear sturdy footwear and bring water. (NPS)
Monday	9:00am	Bears and Other Wildlife Walk* 1 hr. Learn about some of the amazing creatures who call Yosemite home. Meet at the Crane Flat Campground amphitheater (across from the 200 loop). Wear sturdy footwear. (NPS)
	7:00pm	Twilight Meadow Observation and Sketching Walk 1 hr. Meet at the Hodgdon Meadow Campground campfire circle near the group campsites. Leisurely walk with stops. Wear sturdy footwear. Supplies provided if needed. (NPS)

	8:30pm	Ranger Campfire Program* 1 hr. Join a ranger-naturalist for a traditional high-country campfire program. See local postings for each week's subject. Meet at the Crane Flat Campground amphitheater (across from the 200 loop). (NPS)
		* Crane Flat Campground programs will begin when the campground opens for the season.

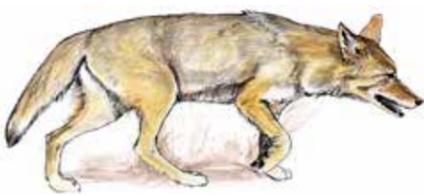

Become a Junior Ranger

Follow these steps to earn your Junior Ranger badge.*

Yosemite National Park offers a wide variety of programs and activities for kids of all ages! To find kid-friendly programs, see pages 6, 7, 9, and 11 of the Guide for program descriptions:

Programs printed in **ALL CAPS & COLOR** are especially for Children and their Families

Be a naturalist. Look for these common Yosemite wild animals. If you see one, make a note by the animal's picture below. If you don't see any of these wild animals during your visit, choose one you did see and draw it in the box on this page. Where did you see it? What was it doing? Also, remember never to feed or approach an animal.

Coyote

Black bear

Golden-mantled ground squirrel

illustrations by Tom Whitworth

Follow these steps to earn your Junior Ranger badge.*

Did you already finish this page and earn your Junior Ranger badge? Are you ready for more Junior Ranger activities? Drop by a visitor center desk and pick up the free PSAR Junior Ranger booklet or Legacy Junior Ranger page to earn special patches!

1. With an adult, pick a trail to walk. See page 17 of this Guide or stop by a visitor center to choose your trail. As you go, walk quietly, watch, listen, and think.

Write the name of the trail you walked. _____

2. Explore with your senses! Record the following.

I see: _____

I hear: _____

I smell: _____

I touch: _____

3. Leave no Trace! If you see trash or rubbish, pick it up. Junior Rangers learn to be good park stewards by bringing in a bag of trash. Recycle any recyclable materials you pick up or bring along.

4. Ask a Ranger! What President signed the Yosemite Grant Act on June 30, 1864, setting aside Yosemite Valley and the Mariposa Grove for special protection? _____

5. Learn more. Go to a ranger-led program or visit with an Indian Cultural Demonstrator. What program did you attend? Have the ranger or demonstrator sign below.

Signed by: _____

6. Write down something you learned from a ranger or Indian Cultural Demonstrator.

7. Think about this. Why do people work to protect national parks?

8. When you complete this page, take it to a visitor center. There you will take your oath and receive your Junior Ranger badge.

*Expanded Junior Ranger and Little Cub programs (and the chance to earn a patch) are available in the Junior Ranger or Little Cub Handbooks, which can be purchased at any Yosemite Conservancy bookstore.

Bears and Wildlife

Enjoying wildlife safely and responsibly

Black bear "logging in." Photo by Karen Amstutz

Keep Wildlife Wild!

Black bears, coyote, deer, and grey squirrels are just a few of the many animal species in the park that are active year round. Learn how to help protect Yosemite's wildlife.

Store Your Food Properly.

4,000 to 20,000 calories worth of grasses, berries, acorns, and grubs—that's the typical daily diet of most bears. It's a lot easier for a bear to eat the thousands of calories of food in an ice chest than it is to spend all day nibbling at grasses. Their incredible sense of smell allows them to detect things we can't, which helps them find food—a black bear can smell a dead deer three miles away. To top it off, bears have excellent vision and can see in color, so they recognize ice chests, grocery bags, and other food containers as potential food sources.

If you see a bear, scare it away or keep your distance.

You may not see a bear during your visit because they naturally avoid people. However, if you see one in a developed area (like a campground or parking lot), act immediately to scare it away: Make noise and yell as loud as possible. If there is more than one person, stand together to present a more intimidating figure, but do not surround the bear.

If you see a bear anywhere else, consider yourself lucky—but keep your distance (at least 50 yards, or about the distance made by four shuttle buses parked end to end). If you get too close, you will be helping the bear become used to being around people.

Bears that become comfortable around humans lose their natural fear of us and may become too aggressive. When that happens, they sometimes have to be killed.

Drive the speed limit.

The most common human-related cause of death for a black bear in Yosemite is being hit by a car. Slow down! Driving too fast is almost always the cause of these accidental deaths.

Backpackers:

Save Your Food, Save A Bear

Bear resistant food canisters are 2.7-pound containers that can be used to store five or more days of backpacker food when meals are carefully planned. Canisters have an inset lid that bears are unable to open. When used correctly, bears learn that—although they smell like food—the canisters are not worth investigating.

Report Bear Sightings!

To report bear sightings, improper food storage, trash problems, and other bear-related problems, leave a message for the Bear Management Team at 209/372-0322. Your call can be made anonymously. For more information regarding bears and proper food storage, visit the park's website (www.nps.gov/yose/bears).

Coyotes

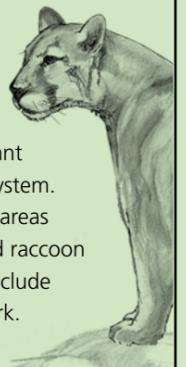

Watching a coyote hunting for mice in one of Yosemite's many meadows can be an amazing wildlife experience. Coyotes are opportunistic carnivores that primarily prey on small mammals. Like bears, their diets change throughout the year with food availability.

Unfortunately, coyotes sometimes change their natural behavior to try to obtain human food. Approaching, and/or feeding coyotes can cause them to lose their natural fear of humans. Please do not stop to feed coyotes that you see along the sides of the roads. This encourages them to frequent roadsides to beg for food, endangering both coyotes and drivers.

For your safety, avoid contact with wildlife and store food properly

Wild animals in Yosemite can transmit numerous diseases, including plague, rabies, and hantavirus. Keeping your distance and your food from wildlife not only protects them, it also protects you from injury and exposure to diseases. If you encounter a mammal, particularly a raccoon, skunk, fox, coyote, or bat, that is behaving erratically, don't touch the animal. Instead, report the sick animal to a park employee. In addition to keeping bears away, storing your food properly also reduces your exposure to rodents and their fleas, which may carry plague.

MOUNTAIN LIONS

Mountain lions are a normal and important part of the park ecosystem. They are attracted to areas with healthy deer and raccoon populations, which include many areas of the park. Although lion attacks on humans are extremely rare, they are possible, just as is injury from any wild animal.

For your safety:

Do not leave pets or pet food outside and unattended. Pets can attract mountain lions.

Avoid hiking alone. Watch children closely and never let them run ahead or lag behind on the trail. Teach children what to do if they see a lion.

What should you do if you meet a mountain lion?

Never approach one, especially if it is with kittens. Most lions will avoid confrontation. Always give them a way to escape.

Don't run. Stay calm. Hold your ground, or back away slowly. Face the lion and stand upright. Do all you can to appear larger. Raise your arms. If you have small children with you, pick them up.

If the lion behaves aggressively, wave your arms, shout, and throw objects at it. The goal is to convince it that you may be dangerous. If attacked, fight back!

Mountain lions are magnificent creatures and native to Yosemite. Generally, they are calm, quiet, and elusive. Sightings are rare, so if you spot one, consider yourself privileged!

How to Store Food

"Food" includes any item with a scent, regardless of packaging. This may include items that you do not consider food, such as canned goods, bottles, drinks, soap, cosmetics, toiletries, trash, ice chests (even when empty), and unwashed items used for preparing or eating meals.

LOCATION	FOOD STORAGE	WHY?
Your Vehicle	You may store food in your car (with windows closed) only during daylight hours. Do not store food in your car after dark: use a food locker. Remember to clear your car of food wrappers, baby wipes, and crumbs in baby seats. Never leave unattended food strapped to the outside of a vehicle or in a pickup truck bed.	Bears can smell food, even if it's sealed in the trunk or glove compartment, and they recognize boxes and bags as potential food sources. They can easily and quickly break into all kinds of vehicles!
Your Campsite or Tent Cabin	You must store all your food in food lockers—not in your tent or tent cabin. A food locker is available at each campsite and tent cabin. Food may be stored out of sight in hard-sided RVs with windows closed.	Bears may enter campsites when people are present, and some will even check food lockers to see if they're secured. Keep food lockers closed and latched at all times, even when you are in your campsite or tent cabin.
Picnic Areas & on the Trails	Do not leave food unattended. Always keep food within arm's reach. Don't turn your back to your food.	Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.
Backpacking in the Wilderness	Bear resistant food containers are required throughout the Yosemite Wilderness. Hanging food is prohibited in Yosemite.	In Yosemite and the southern Sierra, bear canisters are the only effective and proven method of preventing bears from getting human food.

KEEP WILDLIFE WILD

Respect animals at a distance
Never feed or approach them

Protect Yourself...

Yosemite National Park Rangers conducted a Swift Water Rescue Training / Water Safety Day on the Merced River in Yosemite Valley on May 25, 2017. This training was intended to train Park Rangers on rescue techniques and to educate the public on potential dangers related to swift and high water conditions. NPS Photo by Al Golub

KEEP SAFE WHILE EXPLORING YOUR PARK.

There are many ways to experience the wildness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

ENJOYING YOUR YOSEMITE EXPERIENCE

Summer is a popular time to visit Yosemite, and for good reasons; daylight hours are long and the weather is usually warm. Plant and animal life are vibrant. High country trails that have been hiding for months are now waiting to be hiked and the waterfalls are still full. However, summer conditions present unique challenges which you must consider to ensure your outdoor enjoyment.

WEATHER

Dehydration and exhaustion can occur during any season but we are particularly vulnerable during the summer heat. Always carry more water than you need. Without rationing water, make sure your hike or outdoor activity is half over before your water is half gone. Prevent dehydration by sipping lots of water throughout the day and frequently eating salty, easy-to-digest snacks. Thunderstorm season is here. Remember, there is no safe place outside when you can hear thunder. Follow the saying, “when thunder roars, go indoors.” If you cannot reach a building or car (with a hard top), hike down and away from ridges and outcroppings. Do not be the tallest object or near a tall object.

RIVERS AND STREAM

Yosemite’s streams are a huge temptation for the curious, the photographer, and the overheated and weary hiker simply wanting to cool tired feet. Do not be fooled! Yosemite’s water is deceptively dangerous and unforgiving. Visitors are strongly urged to enjoy moving or falling water from a safe

distance. Please: *DO NOT LEAVE THE SAFETY OF THE TRAIL OR DEVELOPED AREAS.*

BOATING / FLOATING

- Before boating or floating, check the Park’s website at www.nps.gov/yose for allowable locations and conditions.
- We strongly urge you to wear a Coast Guard approved personal flotation device (PFD) when on the water. Mishaps occur so suddenly that you will not have time to put on your PFD.
- Make sure your watercraft is suitable for water conditions.

YOSEMITE’S TRAILS

Yosemite’s 800 miles of trails pass through natural areas and endure all the forces of nature including flooding, fire, erosion, and slides. Trails may be damaged from weather and past fires. Snow can be present over higher elevation trails. Always carry a good topo map and compass (GPS optional) and know your location, including your back route, in case you need to turn around.

YOSEMITE’S ROADS

Yosemite’s roads are just as dangerous as the roads in your home town but we have additional hazards such as rock fall and abundant wildlife, including deer and bear. Moreover, there are many sites to distract drivers. If you cannot devote 100% of your attention to your driving, please pull completely off the road into a designated pull-off or parking area. Buckle up! Park rangers enforce California’s Motor Vehicle Code on park roads.

FOR ALL SEASONS

- Don’t approach *moving* water.
- Stay on established trails – do not take trail shortcuts, go over fences, or approach water. *Almost all of Yosemite’s non-traffic related serious injuries occur off trail.*
- Rock scrambling - leave it to the critters.
- Water and food – Carry more water than you need; stay hydrated and snack frequently – have plenty of food and water. If you are sweating, replace lost salts with salty, easy-to-digest snacks.
- “10 hiking essentials” – including a flashlight or headlamp, sunglasses, sunscreen, navigation, and a signaling method (mirror and whistle).
- Let someone know – always leave your travel and hiking plan, including your intended route, destination, and estimated time of return, with a trusted person. *If no one knows you are missing, no one is going to be looking for you.*

And remember this truism: **you** are responsible for **your** safety.

HANTAVIRUS INFORMATION

Mice are an important part of the ecosystem, but can carry diseases harmful to humans. Hantavirus Pulmonary Syndrome (HPS) is a rare but serious disease spread to humans via the droppings, urine, or saliva of infected rodents. Not all rodents are infected with hantavirus, but infected rodents have been found throughout the US. You may come into close proximity to rodents during your visit, so it is important you take steps to protect yourself from HPS. HPS risk is greater inside enclosures where deer mice

are present. If staying in guest lodging, please tell the housekeeping staff if you see evidence of mice in your room. Do not clean the area yourself. Keep doors to guest lodging shut and keep food in sealed containers. If you are camping and backpacking, do not pitch tents near rodent burrows or droppings. HPS often begins with flu-like symptoms such as aches, fever, and chills, one to seven weeks after exposure, progressing to cough and difficulty in breathing. Seek medical attention immediately if you experience these symptoms and mention any potential rodent exposures. For more information on hantavirus visit: <http://www.nps.gov/yose/planyourvisit/yoursafety.htm>.

PLAGUE

Plague is an infectious bacterial disease carried by squirrels, chipmunks and other rodents and their fleas. When an infected rodent becomes sick and dies, its fleas can carry the infection to other warm-blooded animals including humans.

To protect yourself from plague, never feed wildlife, avoid dropping food scraps when eating outside, avoid disturbing rodent burrows, wear insect repellent with DEET, and tell a park ranger if you see a dead animal.

Early symptoms of plague may include high fever, chills, nausea, weakness, painful swelling at the site of an insect bite, and other flu-like symptoms. If you develop any of these symptoms within 6 days of visiting an area at risk for plague in the park, see your doctor and inform them you may have been exposed. Plague is treatable if caught in time.

...and Yosemite's Wild Places

Protecting park resources

Protecting Yourself and the Park

Prepare yourself for a wild experience. Yosemite is a place where natural forces—such as rockfall, fire, and flood—are constantly at work. Here, wildlife freely roams. This is a place where wilderness prevails. The National Park Service recognizes the importance of Yosemite's Wilderness and natural processes and is bound by its mission to protect them for the benefit and enjoyment of future generations. While you are enjoying your visit, be attentive to the special permit requirements and regulations in place to protect park resources and those designed for your safety.

Wilderness Permit Details

Wilderness permits are required year round for all overnight trips into Yosemite's Wilderness. Permits are issued and bear canisters are available for rent in Yosemite Valley and at the Hetch Hetchy Entrance Station during hours of operation. Wilderness permits are also available at the Hill's Studio in Wawona and at the Big Oak Flat Information Station. Call the park's main phone line at 209/372-0200, or check the web at www.nps.gov/yose/planyourvisit/wildpermits.htm, for additional information. For summer trips, reservations are taken from 24 weeks to two days in advance of the start of your trip. A processing fee of \$5 per permit plus \$5 per person is charged to each confirmed reservation. Check the park's website for trailhead availability and call 209/372-0740, Monday through Friday from 8am to 5pm and Saturday, 9am to 4pm. For more information, visit www.nps.gov/yose/planyourvisit/backpacking.htm, the Leave No Trace website at www.lnt.org, or the Friends of Yosemite Search and Rescue website at www.friendofyosar.org.

Permit Required to Hike Half Dome

Permits to hike to the top of Half Dome are required seven days a week when the cables are up for 2017, June 2 through October 10, conditions permitting. A daily total of 225 preseason lottery permits have already been issued for 2017. In addition, approximately 50 permits will be released by daily lottery throughout the season based on estimated under-use and cancellation rates (exact number may change throughout the summer). Applications for daily lotteries will be accepted 2 days prior to the desired hiking date between midnight and 1pm. To apply, visit Recreation.gov or call 877/444-6777. A non-refundable application fee applies to all submissions and a use fee applies to winning applicants. Finally, a daily quota of 75 Half Dome permits will be available to overnight users with an appropriate wilderness permit (use fee applies). These permits may be acquired through early reservations (50 per day) or day before walk-up (25 per day). Rock climbers who reach the top of Half Dome without entering the subdome area may descend on the Half Dome Trail without a permit. More information is available at: <http://www.nps.gov/yose/planyourvisit/hdpermits.htm>. For backpackers more information is available at: <http://www.nps.gov/yose/planyourvisit/hdwildpermits.htm>.

Rafting

Conditions permitting, rafting on the Merced River in Yosemite Valley (Clark

Bridge to Sentinel Beach) and the South Fork of the Merced River in Wawona is open from 10am to 6pm daily to any type of non-motorized vessel or other flotation device.

- The entire length of the Merced River in Yosemite Valley is closed to all flotation devices whenever the river gauge at Sentinel Bridge reads 6.5 feet or higher. Ask at a visitor center for conditions and obey all posted signs.
- You must wear or have a U.S. Coast Guard-approved personal flotation device immediately available.
- Fallen trees and other natural debris in the river create important habitat for fish and other wildlife. Be alert—they can also create hazards for rafters.

Fishing

Fishing in Yosemite is regulated by state law. A valid California sport-fishing license is required for those persons age 16 years and older. When fishing, the license must be plainly visible by attaching it to an outer layer of clothing above the waistline.

- Trout season runs through November 15 (except Frog Creek near Lake Eleanor, which opens June 15).
- Special fishing regulations apply on the Merced River in Yosemite Valley from Happy Isles downstream to the Foresta Bridge in El Portal. Within these reaches of the river, it is catch-and-release only for rainbow trout. Brown trout limits are five fish per day. Only artificial lures or flies with barbless hooks may be used.
- The use of live or dead minnows, bait fish or amphibians, non-preserved fish eggs or roe is prohibited.

Pets

Keep in mind, daytime temperatures can reach above 100 ° Fahrenheit in the summer. Make sure to keep your pet cool and well-hydrated. In Yosemite, pet owners have a few rules to follow:

- Pets are only allowed in developed areas and on roads and paved bike paths. Pets are not allowed anywhere in the Mariposa or Merced sequoia groves. They are not allowed on trails, in wilderness areas, or where signs are posted prohibiting them.
- Pets must be on a leash (6 feet or less) or otherwise physically restrained.
- For the courtesy of others, human companions are responsible for cleaning up and depositing pet feces in trash bins.
- Pets are not allowed in any lodging facilities or other buildings within the park and are not allowed in some campgrounds.
- Pets may not be tied to an object and left unattended.

Bicycling

Each season, plants are crushed from bicycle travel in meadows, campgrounds, and picnic areas. Please respect park resources and keep bicycles on paved roads and paved bicycle paths. Bikes are not allowed to travel off paved paths. Mountain biking opportunities are available in designated areas outside of Yosemite.

YOSEMITE GUARDIANS

Visitors to Yosemite National Park are the park's most important guardians. With over 5 million people watching over its special plants, animals, historic, and archeological sites, imagine how well-protected these park resources could be!

During your visit to Yosemite be aware that there are people who either unknowingly or intentionally harm park resources. Please contact a park official if you see any of the following illegal acts:

- Feeding or approaching wildlife
- Collecting plants
- Hunting animals
- Collecting reptiles and butterflies
- Picking up archeological items, such as arrowheads
- Using metal detectors
- Driving vehicles into meadows
- Biking off of paved roads
- Camping outside of designated campgrounds
- Possession of weapons inside federal facilities
- Possessing or using marijuana, including medical marijuana
- Operating an unmanned aircraft system ("drone")

If you see activities that could harm people or park resources, jot down any descriptions or a vehicle license plate number and call the park dispatch office at 209/379-1992.

FOR MORE INFORMATION

To find out more about Yosemite National Park regulations visit www.nps.gov/yose/planyourvisit/yoursafety.htm and find a copy of the Superintendent's Compendium. This document is a compilation of designations, closures, permit requirements, and other restrictions made by the superintendent, in addition to what is contained in Title 36 of the Code of Federal Regulations (Chapter 1, Parts 1 through 7 and 34), and other applicable federal statutes and regulations.

Camping

Camping in Yosemite. Photo by Ray Santos

An adventurous overnight experience

Yosemite National Park contains 13 popular campgrounds. Up to seven are on a reservation system, the rest are first-come, first-served. From April through September, reservations are essential and the first-come, first-served sites often fill by noon during these months.

Camping Reservations

Reservations are required March through November for campsites in Yosemite Valley's car campgrounds, and summer through fall for Hodgdon Meadow, Crane Flat, Wawona, and half of Tuolumne Meadows. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

ARRIVAL DATE	FIRST DAY TO MAKE RESERVATIONS (7 AM PT)
Dec. 15 – Jan. 14	Aug. 15
Jan. 15 – Feb. 14	Sept. 15
Feb. 15 – Mar. 14	Oct. 15
Mar. 15 – Apr. 14	Nov. 15
Apr. 15 – May 14	Dec. 15
May 15 – Jun. 14	Jan. 15
Jun. 15 – Jul. 14	Feb. 15
Jul. 15 – Aug. 14	Mar. 15
Aug. 15 – Sep. 14	Apr. 15
Sep. 15 – Oct. 14	May 15
Oct. 15 – Nov. 14	Jun. 15
Nov. 15 – Dec. 14	Jul. 15

For campground reservations, visit www.recreation.gov or call 877/444-6777 or TDD 877/833-6777 from 7am to 9pm, Pacific time, March through October, or from 7am to 7pm, November through February. Call 518/885-3639 if you're dialing from outside the U.S. and Canada.

Campground offices in the park are located in the visitor parking area at Half Dome Village (shuttle bus stop #14), the Tuolumne Meadows Campground entrance, in Wawona off Chilnualna Falls Road, and at the Big Oak Flat Information Station.

Yosemite Valley

There is a 30-day camping limit within Yosemite National Park in a calendar year; however, May 1 to September 15, the camping limit is 14 days, and only seven of those days can be in Yosemite Valley or Wawona.

Camp 4 is a walk-in campground and is open all year on a first-come, first-served basis; these campsites are not wheelchair accessible. Sites are available on a per-person basis, and six people will be placed in each campsite, regardless of number of people in your party. Camp 4 often fills before 9am each day, May through September.

Camping in Areas Surrounding Yosemite

The U.S. Forest Service operates a variety of campgrounds on a seasonal basis near Yosemite. For additional information, contact Groveland Ranger Station at 209/962-7825; Mariposa Ranger Station at 209/966-3638; Mono Lake Ranger Station at 760/647-3044; or Oakhurst Ranger Station at 559/683-4636. For private campgrounds outside Yosemite, call the respective chamber of commerce or visitor bureau listed on page 10.

Group Campgrounds

There are group campsites at Tuolumne Meadows, Hodgdon Meadow, Wawona, and Bridalveil Creek Campgrounds. Reservations can be made the same way as individual site reservations; 13 to 30 people are allowed in each group campsite. Tent camping only. Pets, RVs, and generators are not permitted in group sites.

GENERAL CAMPING INFORMATION

To check same-day camping availability, call 209/372-0266

Services

- Sites include picnic tables, firepits with grills, and a food locker (33" d x 45" w x 18" h). See page 5 for food storage regulations.
- Toilets available in campgrounds; however, Tamarack Flat, Yosemite Creek, and Porcupine Flat have non-flushing vault toilets only and no potable water.
- Shower and laundry facilities are available year-round in Yosemite Valley.
- RVs over 24 feet in length are not recommended for Tamarack Flat, Yosemite Creek, and Porcupine Flat campgrounds. RVs are not permitted in walk-in and group campsites. There are no hookups in Yosemite campgrounds, but there are sanitary dump stations in Yosemite Valley (all year), and summer-only in Wawona and Tuolumne Meadows.

Regulations

- Proper food storage is required 24 hours a day.
- A maximum of six people (including children) and two vehicles are allowed per campsite.
- Quiet hours are from 10pm to 6am.
- Where permitted, pets must be on a leash and may not be left unattended.

Campfires

- In Yosemite Valley between May 1 and September 30, campfires are permitted between 5 pm and 10 pm. At other times of the year and in out-of-Valley campgrounds, fires are permitted at any time, as long as they are attended.
- Firewood collection (including pine cones and pine needles) is not permitted in Yosemite Valley; you may purchase firewood at stores near the campgrounds.

Campgrounds in Yosemite National Park*

Hiking

Hikers on the Mist Trail, Yosemite National Park. Photo by Brian Ward

Choose your adventure

With over 800 miles of hiking trails, what better way to enjoy the beauty of Yosemite than on foot? Ask a ranger at any visitor center for one of several free, day-hike handouts. Excellent maps and guidebooks are available at bookstores throughout the park.

Yosemite Valley Day Hikes

TRAIL / DESTINATION	STARTING POINT	DISTANCE / TIME	DIFFICULTY / ELEVATION
Bridalveil Fall	Bridalveil Fall Parking Area	0.5 mile round-trip, 20 minutes	Easy
Lower Yosemite Fall	Lower Yosemite Fall Shuttle Stop #6	1.0 mile round-trip, 20 minutes	Easy
Upper Yosemite Fall Trail to Columbia Rock	Camp 4 Near Shuttle Stop #7	2 miles round-trip, 2 to 3 hours	Strenuous 1,000-foot gain
Top of Upper Yosemite Fall	Same as above	7.2 miles round-trip, 6 to 8 hours	Very Strenuous 2,700-foot gain
Mirror Lake (a seasonal lake)	Mirror Lake Shuttle Stop #17	2 miles, 1 hour round-trip to Mirror Lake, 5 miles, loop around lake	Easy
Vernal Fall Footbridge	Happy Isles Shuttle Stop #16	1.4 miles round-trip, 1 to 2 hours	Moderate, 400-foot gain
Top of Vernal Fall	Happy Isles Shuttle Stop #16	3 miles round-trip, 2 to 4 hours	Strenuous 1,000-foot gain
Top of Nevada Fall	Happy Isles Shuttle Stop #16	7 miles round-trip, 5 to 6 hours	Strenuous 1,900-foot gain
Top of Half Dome	Happy Isles Shuttle Stop #16	14 miles (via Mist Trail) or 16.3 miles (via John Muir Trail) round-trip, 10 to 12 hours	Extremely Strenuous, 4,800-foot gain
Four Mile Trail to Glacier Point	Southside Drive	4.8 miles one-way, 3 to 4 hours, one-way	Very strenuous, 3,200
Valley Floor Loop	Lower Yosemite Fall Shuttle Stop #6	13 miles full loop, 5 to 7 hours full loop	Moderate

Day Hikes Outside of Yosemite Valley

TRAIL / DESTINATION	STARTING POINT	DISTANCE / TIME	DIFFICULTY / ELEVATION
WAWONA			
Wawona Meadow Loop	Big Trees Lodge	3.5 miles round-trip, 1.5 hours	Easy
Swinging Bridge Loop	Wawona Store / Pioneer Yosemite History Center Parking Area	4.75 miles round-trip, 2 hours	Moderate
GLACIER POINT ROAD			
Taft Point	Sentinel Dome Parking Area	2.2 miles round-trip, 2 hours	Easy to Moderate
Sentinel Dome	Sentinel Dome Parking Area	2.2 miles round-trip, 2 hours	Moderate
TUOLUMNE MEADOWS AREA			
Soda Springs / Parsons Lodge	Lembert Dome Parking Area	1.5 miles round-trip, 1 hour	Easy
Lembert Dome	Lembert Dome Parking Area	4 miles round-trip, 3 to 4 hours	Moderately Strenuous
John Muir Trail through Lyell Canyon	Dog Lake Parking Area	8 miles one-way, 3 to 4 hours	Easy, 200-foot gain
Elizabeth Lake	Tuolumne Meadows Group Campground	4.8 miles round trip, 4 to 5 hours	Moderate
TIOGA ROAD			
Lukens Lake	White Wolf ¹	5.4 miles round-trip, 3 to 4 hours	Moderate
Yosemite Valley via Porcupine Creek	Porcupine Creek ¹	7 miles one-way, 4 to 6 hours	Moderate, 3,500 to 4,000-foot loss
Yosemite Valley via Yosemite Creek	Lukens Lake Trailhead ¹	10.5 miles one-way, 5 to 9 hours	Moderately Strenuous 3,500 to 4,000-foot loss
Yosemite Valley via Clouds Rest	Tenaya Lake ¹	19 miles one-way, 10 to 12 hours	Strenuous
HETCH HETCHY			
Wapama Falls	O'Shaughnessy Dam	5 miles round-trip, 3 to 4 hours	Easy to Moderate

FEATURED HIKE

The Mist Trail to Vernal and Nevada Falls

Vernal Fall footbridge: 1.6 miles/2.6 km round-trip; 1.5 hours with 400 ft./122 m elevation gain

Vernal Fall: 2.4 miles/3.9km round-trip; 3 hours with 1,000 ft./366 m. elevation gain (via Mist Trail)

Nevada Fall: 5.4 miles/8.7km round-trip; 5 to 6 hours with 2,000 ft./610 m. elevation gain (via Mist Trail)

Begin at Happy Isles (**shuttle stop #16**)

Trail Description:

An excellent view of Vernal Fall is visible from the footbridge at 0.75 miles (1.3 km). Beyond the bridge, at 0.2 miles, the Mist Trail and the John Muir Trail diverge. To proceed directly to the top of Vernal Fall, follow the Mist Trail 0.5 mile (0.8 km) up a steep granite stairway of over 600 steps. Prepare for slippery footing and a tremendous amount of waterfall spray in spring and early summer. The top of Nevada Fall may be reached by continuing 1.3 miles (2.1 km) along the Mist Trail.

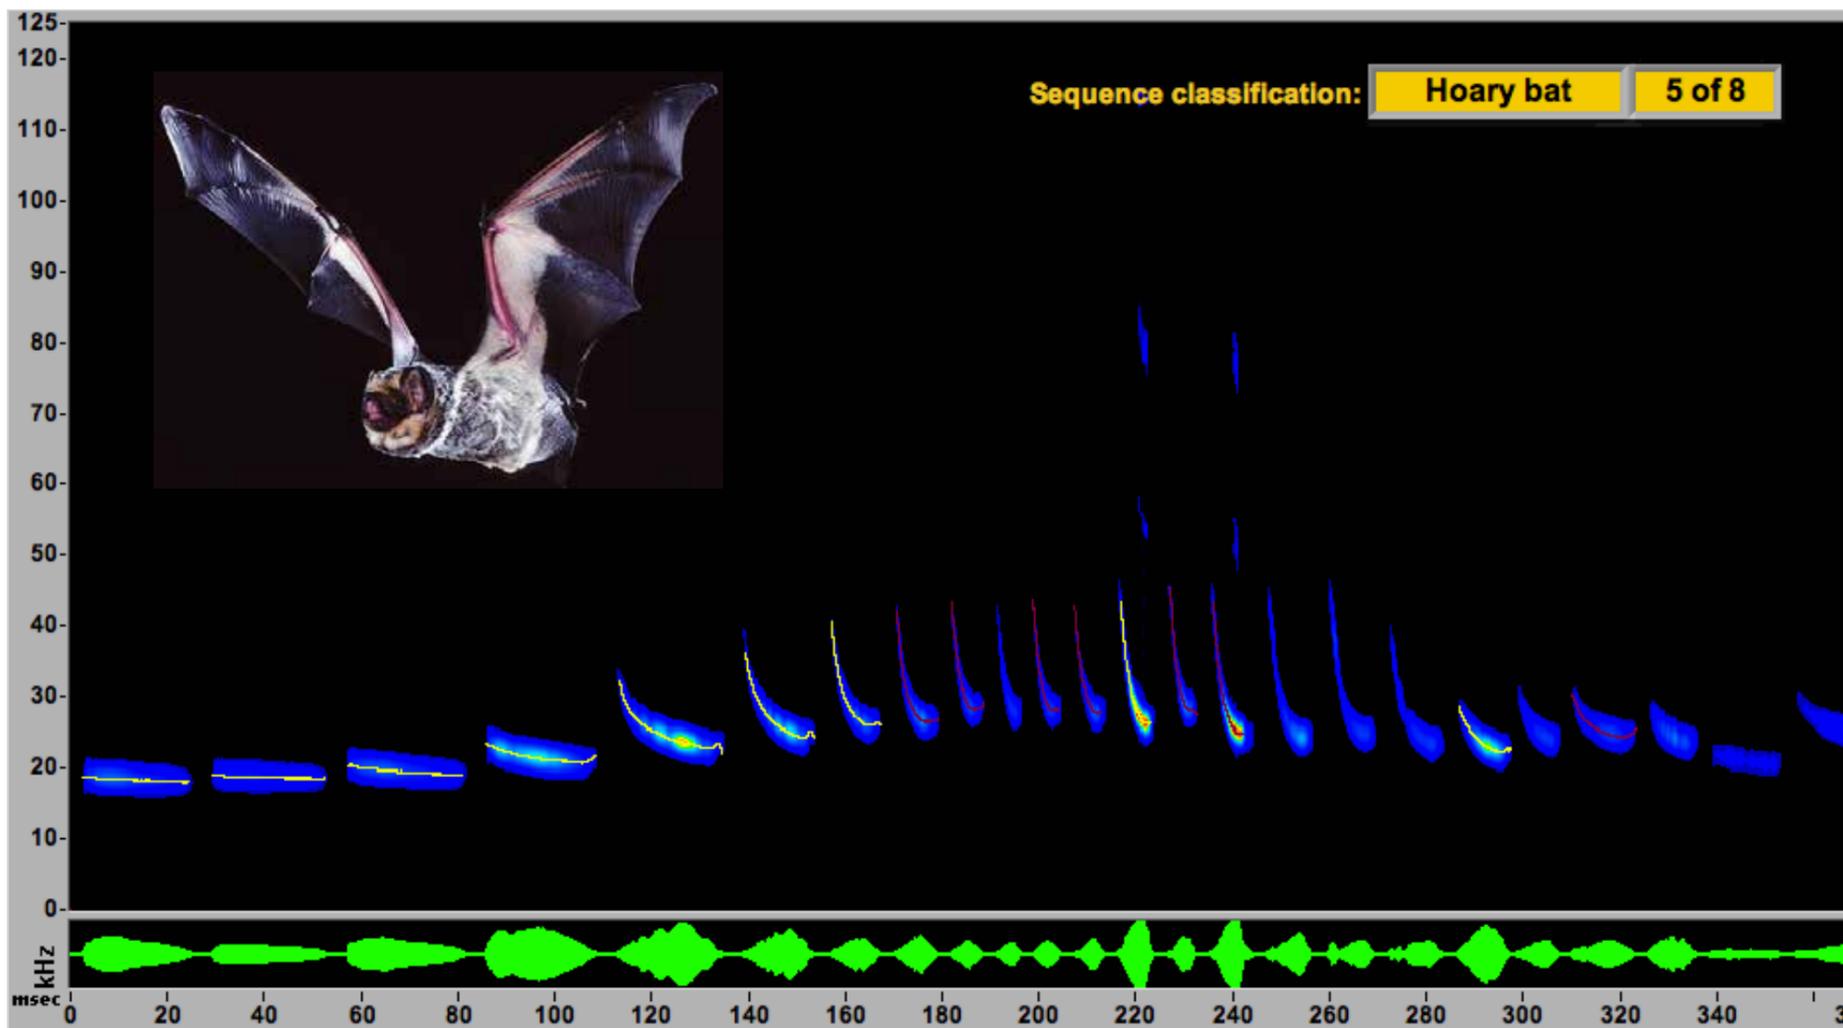

Things to know before you go:

- Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.
- Stay away from swiftly-moving water. Choose swimming areas carefully and swim only during low water conditions.
- Always supervise children closely.
- Avoid areas of whitewater, where streams flow over rocky obstructions. Never swim or wade upstream from a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
- If you plan to hike or backpack above 8,000 feet, it may still be winter-like conditions. Expect snowy, flooded, and/or muddy conditions. Check current conditions at a wilderness or visitor center before starting hike.

Bats!

Acoustical Monitoring in Yosemite

Story by Lisa Murphy

The spectrogram of the Hoary bat (*Lasiurus cinereus*) echolocation call using SonoBat software. Photo by Joe Szewczak

WHAT BAT IS THAT?

As you wander through the twilight hours, you may see a silhouette quickly flitting overhead. As you notice the quieting of the bird song, you may hear a high pitched chirping sound emerging in the quiet of the evening. Stop for a moment and engage your senses. You may have the opportunity to observe one of the 17 species of bats that inhabit Yosemite. Two of our bat species (the Spotted bat and the Western mastiff) echolocate in our auditory range, allowing us to listen in on their quest for food. The others echolocate at ultrasonic frequencies, far above our human hearing range.

All of Yosemite's 17 bat species are insectivores that hone in on their prey using echolocation calls. These calls are distinct to each species, therefore we can differentiate amongst the 17 species of bats. We analyze their calls using a specialized microphone and SonoBat™ software that can interpret their ultrasonic calls.

Although bat research has been ongoing in Yosemite for many years, most of this science occurs behind the scenes. However, two interpretive research projects allow visitors to glimpse how we monitor the health of the park's

ecosystems by studying bats. We offer two nightly programs where you can join researchers to collect the evening's bat echolocation data. (We allow 20 visitors to join us per night, sign up is necessary see page 11 for details)

Another opportunity is to visit our brand new Bat Station. Located between shuttle stop 16 and the Happy Isles Nature Center, you will find a small building that has a very big job. This is the site of the USGS stream-gaging station, the National Weather Service (NOAA) weather station, and the new bat station. This gaging station has been continuously measuring the temperature and flow of the Merced River, at this spot for over 100 years. The NWS equipment is measuring and reporting the local weather conditions. The newest addition to this building is the ultrasonic acoustical monitoring equipment that we have mounted on the roof. The small microphone picks up the echolocation calls of bats as they fly over. It transmits these to the computer where SonoBat Live™ software analyzes the calls by creating a sonogram image of the call, which is compared to the banked calls in the program. Within 20 seconds the software is able to identify the species of bat that emitted those particular calls.

The screen in the window will display a sonogram image and species name of the most recent detection. In addition, the touch pad on the building will enable you to view a summary of the evening's bat activity including sonogram, the species identified, and information pages and photos for each bat species. And coming very soon you will be able to watch the nightly bat activity and interact with all of these functions on our new Yosemite Bat Channel on the Yosemite National Park website. These projects are made possible by generous donations through the Yosemite Conservancy. (yosemiteconservancy.org)

At the gaging station the two additional screens show the hydrograph of the river and the current weather data. This station may be the first public site to monitor meteorology, hydrology, and terrestrial species at one location. We hope that these public data sets will allow students to explore potential relationships and trends in the using of a combination of datasets.

WHY ARE BATS SO IMPORTANT?

We monitor bats because they are indicators of overall ecosystem health. Noticing a change in species diversity at a given location can alert us of the need

to look deeper at what is going on at that site. Also, nationwide White Nose Syndrome (WNS) has been decimating bat populations, beginning in the Northeast and moving west over the last decade. So far no WNS cases have been reported in California, but we need to keep a close eye (and ear) on the bats to know of any possibility of its spread to Yosemite.

The Bat Station at Happy Isle's near Shuttle stop #16 (The USGS hydrology gaging station and NWS weather station are also located in this building). Photo by Lisa Murphy

Supporting Your Park

Enhance the Visitor Experience

It takes a legion of people working together to protect this special park for you and future generations of visitors. You too can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery

The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic appreciation and concern for our world by offering visitors a unique variety of literature and art, as well as programs that inspire creativity. Visit online at: www.anseladamsgallery.com.

Yosemite Hospitality LLC

Yosemite Hospitality, a subsidiary of Aramark, operates lodging, food and beverage, retail, recreational activities, tours, interpretive programs, transportation, and service stations under contract with the U.S. Department of Interior with a focus on delivering authentic and memorable guest experiences. Yosemite Hospitality is committed to providing park stewardship in collaboration with the National Park Service in effort to protect and preserve the park for millions of park visitors to enjoy. Visit www.TravelYosemite.com for more information.

NatureBridge

NatureBridge provides residential field science programs for youth in the world's most spectacular classroom—Yosemite National Park. Through active student engagement, our faculty teaches science, history, and the arts and gives these subjects context through personal experience. A NatureBridge learning adventure strives to foster a life-long connection to the natural world and responsible actions to sustain it. Find out more about our year-round programs for schools and summer programs for individual teens at www.naturebridge.org/yosemite.

Yosemite Conservancy

Providing For Yosemite's Future

Through the support of donors, Yosemite Conservancy provides grants and support to Yosemite National Park to help preserve and protect Yosemite today and for future generations. Work funded by the Conservancy is visible throughout the park, in trail rehabilitation, wildlife protection and habitat restoration. The Conservancy is also dedicated to enhancing the visitor experience and providing a deeper connection to the park through outdoor programs, volunteering, wilderness services and its bookstores. Thanks to dedicated supporters, the Conservancy has provided more than \$113 million in grants to Yosemite National Park. Learn more at www.yosemiteconservancy.org or call 415/434-1782.

Yosemite Volunteers: Serving Yosemite

Over 12,407 volunteers donated more than 174,885 hours of service to Yosemite last year, restoring native habitat, working in visitor centers, serving as camp hosts, studying wildlife, cleaning up litter and more. Would you like to serve? We have group and individual volunteer opportunities, both short term and long term. Learn more at: www.nps.gov/yose/getinvolved/volunteer.htm or call the volunteer office at 209/379- 1850.

Yosemite Name Changes

The names of the following facilities in Yosemite have changed:

- Half Dome Village (formerly Curry Village)
- Yosemite Valley Lodge (formerly Yosemite Lodge)
- The Majestic Yosemite Hotel (formerly The Ahwahnee)
- Big Trees Lodge (formerly Wawona Hotel)
- Yosemite Ski & Snowboard Area (formerly Badger Pass Ski Area)
- Yosemite Conservation Heritage Center (formerly LeConte Memorial Lodge)

Lost and Found

To inquire about items lost or found at one of Yosemite's restaurants, hotels, lounges, shuttle buses or tour services, call 209/372-4357. For items lost or found in other areas of the park, call 209/379-1001 or email yose_lostandfound@nps.gov.

Yosemite Zero Landfill Initiative

Help make Yosemite the first Zero Landfill park in the country. Through the Zero Landfill Initiative, Yosemite is reducing the amount of trash sent to the landfill every year. In partnership with Yosemite Hospitality, we are making it easier to participate by adding more recycling containers with better labels.

Here are 3 things you can do to help:

1. Get rid of excess packaging by repacking food in reuseable containers before you leave home.
2. Bring a refillable water bottle/travel mug. Camping? Use refillable propane canisters.
3. Put trash/recycling in correct containers.
